Flexi Staffing Skill Enhancer Training Series

Simplifying Technology for Recruiting

April 17, 2015

Casa de Bengaluru, Bangalore

Indian Staffing Federation recently held its training session from the series of *ISF Flexi Staffing Skill Enhancer Training Series – Simplifying Technology for Recruiting* on 17th April 2015, at Casa de Bengaluru, Bangalore

The training was conducted by **Mr. G Padmanabhan**. He has more than 31 years of experience in the IT industry and had been working with different technologies (Perl, DBMS, PL/SQL, SQL, Programming, Unix, Oracle etc), customers and domains. His experience covers Technology, Recruitment Assistance for IT recruitment, Process audit, Teaching, Training and Development, e-learning.

As per the objective of the training, the attendees learned what skillsets are needed for different technical roles. The training as designed was a session to cater for each participant in a group of enthusiasts from the field of temp recruitment, sales and start-up founders was a huge success.

Snippets from the training

The coverage of the training comprised of practical material beyond the obvious skills and knowledge required for the job. The trainer discussed how the technical roles can become lot simpler if recruiters becomes able to navigate a candidate's qualification beyond matching buzzwords on their resume.

The trainer incorporated very useful activities to help the attendees like doing analysis of Resume. The training helped participants to understanding how to participate and lead technology oriented discussions with potential candidates, Better qualify requirements with customers by asking relevant questions & Quality screening leading to higher closure ratios.

Trainer discussed important Technologies, Terminologies and Jargons which are involved in IT technical recruitment thus making Identifying, Qualifying, and Recruiting the right candidate's lot easier. The participants had the opportunity to ask their queries that were addressed by the trainer.

Towards the closure of the training the participants were felicitated with certificate of participation.

Indian Staffing Federation (ISF)

ISF is an apex body representing flexi Staffing Companies in India with more than 40 members and over 450,000 flexi staff. The federation is the authoritative voice representing the interests of temporary staffing businesses. The collective aim is to provide a platform for recognized employment, work choice, even compensation, annual and health benefits for the temporary workforce that constitutes a sizeable segment of India's total workforce. The principal activities of ISF include strengthening the triangular employment relationships, in which the staffing company is the employer of the temporary worker, who works under the supervision of the user company.
